Education

Computer Science Bachelor Metropolia university (Helsinki, Finland) - current studies remotely

Diploma in Software Development & IT support SamiEdu (Finland, Savonlinna) - 2022

Diploma in Computer Systems and Networks College of Saint Petersburg State University of Aerospace Instrumentation (Russia) – 2002

Business Management Studies Saint Petersburg State University of Aerospace Instrumentation (Russia) – 2004

Key Skills

Project leadership

Process optimization

Strategic planning

Cross team coordination and relations

Process optimization and workflow improvement

Logistic tasks solving and improvement

Operations scaling, crisis management

Client acquisition, B2B partnerships

Additional education

Hive Helsinki coding school - 2024

Web apps, Frontend skills; Software and system architecture; Web development - LUT 2022

Finnish language - Savonlinnan Lyseon Lukio 2022

Professional profile

Adaptable and motivated software developer with a strong background in leading teams, managing projects, and solving real-world problems. After over a decade of experience running departments and launching business units, I transitioned into software development with a focus on building practical, user-focused digital solutions.

I bring a unique perspective that combines technical skills with a deep understanding of operations, planning, and client needs. I'm comfortable working in fast-moving environments, enjoy collaboration, and approach challenges with both creativity and structure. My goal is to contribute to teams where I can keep growing as a developer while using my broad experience to deliver meaningful results.

Stack

C, C#, Python, JS, TS

MongoDB, SQL

Linux/Unix scripting

Docker, Github CI/CD, Azure Cloud, MS AD

Professional Experience

Software developer trainee

Integrify Oy

Helsinki, Finland | Nov 2022 - Sep 2023

- Sharpening competence as a Full Stack Developer by collaborating with other developers of different seniorities on a diverse range of projects and real-life challenges, and developing digital collaboration skills via working remotely with tools such as Google Workspace, Zoom, and Slack.
- Focusing on Frontend development with TypeScript, React.js, and Redux in addition to HTML, CSS, and SASS.
- Emphasis on the Backend with C#, [ASP.NET](#), Databases with MongoDB and SQL Server, and Testing through Unit Testing.
- DevOps practices with CLI Scripting, Docker, and GitHub CI/CD.
- Cloud computing with Microsoft Azure.

Head of department 'Windows, doors, glassing'

GST LLC.

St.-Petersburg, Russia | May 2015 - Feb 2020

- Led a specialized department delivering large-scale construction solutions for residential, educational, and healthcare facilities
- Completed 6 major projects (including 4 residential complexes of 600–1000 flats each, 1 public school, and 1 healthcare center), plus ~70 smaller projects for private and corporate clients Increased annual cash flow from €250K to €1.1M, maintaining a ~17% profit margin. Conducted market analysis, project planning, team recruitment, and supply chain

Projects

Previous version of my own website

(<https://roman-b.com>)

github.com/dwarfsuomalainen/portfolio

API ToDo app

API for simple ToDo application

github.com/dwarfsuomalainen/ToDoApi

moovSound

Python project that transforms visual motion—captured from a camera or video—into generative soundscapes

github.com/dwarfsuomalainen/moovSound

Custom C library

Project reimplements standard C functions

github.com/dwarfsuomalainen/libft

- optimization (in-house and outsourced) to improve efficiency and reduce costs
- Reported directly to the CEO and represented the company in corporate negotiations and client meetings

General manager – Trading Branch (Windows & Doors

Industry)

Komplektservis LLC (North-West Branch)

St.-Petersburg, Russia | May 2015 - Sept 2017

- Established and led a new branch supplying PVC profiles, hardware, and materials for window and door manufacturers
- Built local operations from the ground up: planned stock levels, set up a warehouse, and organized logistics to serve corporate clients
- Grew the customer base from 2 to ~90 and increased cash flow to €350K before branch closure due to corporate restructuring
- Managed a team of 10, reported to the CEO and board, and worked with a German vendor (Profine GMBH) on market research and strategic planning

General manager - Branch founder

Antares North-West LLC.

St.- Petersburg, Russia | Jan 2009 - May 2015

- Founded and led a new regional branch of a Moscow-based trading company during an economic downturn
- Organized supply chains with the main office and local producers to serve window and door manufacturers
- Grew annual cash flow from zero to €800K with a ~15% profit margin by final year
- Expanded the client base to over 200 companies across the region
- Relocated and scaled branch operations to a larger site without service interruption

System administrator

Aleamar Development OJSC.

Moscow, Russia | Feb 2008 - Jan 2009

- Provided IT support and maintained internal network infrastructure and workstations (Microsoft Active Directory)
- Led the internal IT Helpdesk, assisting users and resolving technical issues across departments
- Coordinated with business and tech teams to support company-wide system stability
- Administered trade and financial databases, ensuring uptime and data availability
